RESOLUTIONS OFFERED WILL BE  
SUBMITTED WITHOUT DIS-  
CUSSION.

## APPROPRIATIONS ARE REFUSED

\$300,000 for Vinita Insane Asylum and  
\$200,000 for McAlester Peniten-  
tiary Are Reported  
Adversely.

Guthrie, Ok., Jan. 28.—In a caucus of House Democrats today, it was agreed that in event resolutions or documents were offered in the House touching the proposed investigation authorized by the Ross resolution adopted Monday last, the majority would indulge in no debate, but refer such matter immediately to the committee of investigation. The rule of silence is not taken as applying when the investigating committee makes a report to the house, but precludes any airing of opinions by Democrats prior to scrutiny of the charges by the committee.

The caucus meeting was harmon-  
ious. An effort was made to modify  
the resolution under which the com-  
mittee was appointed, so that any  
member of the house or any state  
officer authorized by the resolution  
to prefer charges could do so upon  
"information and belief," but this was  
defeated. Accusers will be held, mem-  
bers say, to the strict form of oath,  
which permits of no doubt as to what  
they intend the charges to convey. In  
place of a modification, however, the  
so-called insurgent element secured  
a declaration from the caucus that  
it favored a thorough and complete  
investigation, and that the members  
were willing to aid the committee all  
that is possible.

The legislature probably will make  
no appropriations except to cover  
such deficiencies and emergencies as  
have been already recommended by  
the Governor, and the senate com-  
mittee placed itself on record ad-  
versely upon the bill by Senator Keys  
proposing to appropriate \$300,000 for  
the Vinita Insane Asylum. Two hun-  
dred thousand dollars was appropri-  
ated during the regular session. The  
senate's democratic caucus refused  
to sanction an additional \$200,000 ap-  
propriation for the McAlester peni-  
tentiary, but the matter is left pend-  
ing their by agreement. The economic  
policy will not affect, it is thought,  
the proposed purchase of land for the  
penitentiary and the asylum,  
reaching a total of \$60,000. President  
Conners of the Board of Prison Con-  
trol will appear before the senate  
committee to urge the McAlester ap-  
propriation. The institution today  
had 1,116 penal prisoners, a growth  
of several hundred since the con-  
finement was transferred from Kan-  
sas to Oklahoma. It is stated a large  
part of the increase is due to laws  
which make it possible to sentence  
persons to the penitentiary for thirty,  
sixty or ninety days, and it is in-  
dicated the governor will ask the  
legislature to rectify this by limiting  
penal servitude to at least a minimum  
of a year.

### Public Building Funds.

Legislation which will materially  
aid in the construction of public  
buildings was proposed in a bill by  
Senator Redwine today, fixing mat-  
urity dates for warrants and other  
obligations against the public build-  
ing fund. It authorized an issue of  
warrants to the amount of \$1,500,000,  
to bear 6 per cent interest. The war-  
rants are first lien upon proceeds de-  
rived from the sale of building lands,  
being issued in \$100,000 series.

The first series become due Jan. 1,  
1914, and one series each Jan. 1  
thereafter until 1928, which takes up  
the fifteenth series. The measure will  
correct a deficiency heretofore claim-  
ed in public building contracts and

give the warrants a standing in fi-  
nancial circles.

It was Senator Blair's contention  
that the lands belonged to all the  
people of the state and he had grown  
weary, he said, over having lands set  
aside for a certain class of people.

Senator Redwine read a statement  
showing that the lands lay in what  
is now Greer and Harmon counties,  
amounting to about 44,000 acres and  
appraised at \$8.52 per acre. Senator  
Russell referred to the proposed con-  
stitutional amendment passed yester-  
day which would give the common  
schools a per capita payment of \$2,  
whereas the Greer County land would  
only yield about 5c common school  
per capita.

### New Senate Bills.

New senate bills were: By Senator  
Williams, appropriating \$5,000 for  
governor's contingent fund, to re-  
place loan made to attorney's gen-  
eral's department for use in the rail-  
road rate case before federal court;  
by Senator Memminger, providing  
taxes shall be due Oct. 15 each year,  
and that portion applying on per-  
sonal property delinquent after Dec.  
15 and on real estate after April 15;  
by Senator Soldani, amending the  
drainage law so that commissioners,  
before completion of the drain or  
other improvement, if necessary, may  
change the specifications by an or-  
der of record, and commissioners may  
acquire rights of way for drains by  
gift, purchase or condemnation pro-  
ceedings, the latter being the same  
as now provided for railroad pur-  
poses; joint resolution by Senator  
Cunningham, authorizing the gov-  
ernor and the state treasurer to sell  
the state's claim against the Cap-  
ital National bank.

### TARIFF NOT SATISFACTORY.

Germany Pleased With Progress of  
Negotiations With United States.

Berlin, Jan. 29.—The contents of  
the American tariff note are held in  
confidence, the only official descrip-  
tion being that the note is "very sat-  
isfactory." Interest in the question of  
trade relations between Germany and  
the United States is widespread. The  
government issued a short statement  
tonight informing the public of its  
present phase as follows:

"After consideration of the negotia-  
tions relative to commerce which  
have already occurred between the  
German and American governments  
and a complete examination of the  
documents presented, the imperative  
conservative board for commercial  
questions has expressed full and un-  
restricted approval of the steps tak-  
en by the Federal council. In con-  
nection with further negotiations on  
the subject, several questions were  
placed before the board a discus-  
sion of which led to a unanimous  
agreement on the lines hitherto pur-  
sued by the government."

## COMET'S TAIL SPLIT; NO CAUSE IS KNOWN

ELECTRICAL DISTURBANCES ARE  
CITED

It Causes Alarm in Mexico—Mexicans  
Interested at Comet's Ap-  
pearance.

New York, Jan. 29.—The latest bul-  
letin from the Columbia University as-  
tronomer on the subject of the com-  
et "A, 1910" calls attention to the  
splitting of its tail. The announce-  
ment says:

"The splitting in the tails of com-  
ets has been noticed before, but the  
causes of the phenomena are not defi-  
nitely known. It may be due to elec-  
trical disturbances.

The discovery of sodium in the  
composition may account for the un-  
usual brilliancy of the present vis-  
itor. Usually comets are composed of  
hydro-carbons.

What the present comet is, what  
is its orbit and how great is its ve-  
locity can not yet be known.

### COMET ALARMS NATIVES.

Superstitious Mexicans Showing Un-  
usual Interest.

Guadalajara, Mexico, Jan. 29.—The  
comet discovered Jan. 15 is now vis-  
ible in this section of Mexico. Accord-  
ing to reports, it is causing conster-  
nation among people of the lower  
class in some portions of this state.

Church services are proving unusu-  
ally attractive. Since the appearance  
of the comet pilgrimages to the  
shrine of the Virgin of Talpa have  
been organized, and some of the pil-  
grims are making journeys of many  
miles on their knees. Talpa is a small  
town in the western part of Jalisco,  
and annually pilgrimages are made to  
its shrine.

### Photographs of Comet.

San Jose, Cal., Jan. 29.—Prof. Wil-  
liam H. Wright, astronomer at the  
Lick Observatory on Mount Hamilton  
last night obtained several good pho-  
tographs of the new comet, "A, 1910"  
He said traces of sodium were visible  
after the comet had disappeared from  
view.

### TO BE SURE EGG IS FRESH.

"Watch the Hen," Says Dr. Wiley, the  
Pure Food Expert.

Washington, D. C., Jan. 29.—Charg-  
ing that unnamed sinister influences  
had accomplished the repeal of the  
law relating to enforcing efficiency  
in cold storage of food products, Dr.  
Harvey W. Wiley, the government  
pure food expert, declared at the high  
cost of living hearing of a house sub-  
committee today, that the elimination  
of the appropriation for this work  
had greatly hampered his department  
in protecting the public from deleter-  
ious food products.

"What is the most certain method  
of assuring one's self that an egg  
is absolutely fresh," asked Repre-  
sentative Pearre.

"Watch the hen," sententiously re-  
plied Dr. Wiley.

"I want to know when an egg ap-  
pears to be fresh and starts verging  
on the passe," explained Mr. Pearre.  
"I'll answer you replied Dr. Wiley,  
"If you'll tell me when a pig ceases  
to be a pig and begins to become a  
hog."

Seriously Dr. Wiley said cold stor-  
age could not be blamed for all bad  
eggs. He added that they should not  
be kept in cold storage as long as a  
year. Nine months should be the long-  
est period, he thought.

### FIRE LOSS \$1500.

Residence of Three Widows at Sul-  
phur Burns.

Sulphur, Ok., Jan. 29.—Friday at  
one o'clock the two-story residence  
of Phil Roberts, on Eleventh street,  
caught fire in the roof of the up-  
stairs, and before the fire department  
could reach the scene the house and  
contents were too far gone to be  
saved. In fact, nothing except a  
trunk and some quilts were taken out.  
Three widow ladies occupied the  
house. The loss was about \$1,500.  
Amount of insurance not known.

### A Royal Reception.

All the business houses, by agree-  
ment, closed early last evening, in  
order to give everybody an oppor-  
tunity to visit the opera house and  
witness Blackwell's favorite comed-  
ian, Robert A. Neff, in An American  
Hobo. By three o'clock in the after-  
noon all the seats in the boxes, dress  
circle and balcony were sold, and  
when the doors were opened in the  
evening there was a rush made for  
the gallery which was soon filled to  
suffocation, many society ladies sit-  
ting away up there in the gallery  
where usually none but the gallery  
gods sit. It is estimated that fully  
three hundred persons were turned  
away, being unable to secure seats.  
Everybody was delighted, and man-  
ager Warner says it was the largest  
audience ever assembled in the op-  
era house.—Blackwell, Oklahoma,

Bowlegs never drinks strong drinks

## OTIS WEAVER APPOINTED STATE DEM. COMMITTEEMAN

Otis Weaver of this city has been  
appointed a member of the county  
Democratic Central Committee from  
the East Ada precinct, vice Hon. T.  
D. McKeown, resigned. County chair-  
man, George Thompson, as he was  
authorized made the appointment,  
for which the recipient expressed  
pride and pledged his devotion to its  
duties.

Subsequently, Hon. J. B. Thompson  
chairman of the State Central Demo-  
cratic Committee appointed Otis  
Weaver member of the State Demo-  
cratic Committee from Pontotoc coun-  
ty, vice Hon. Sam McClure, resigned.  
The information of the representa-  
tive character of the democratic citi-  
zens of Pontotoc county, who recom-  
mended the appointment of Otis  
Weaver as state committeeman and  
the assurances of satisfaction from  
others that the appointment is satis-  
factory, decided me to accept this  
very important appointment, for it is  
held vastly more desirable than any  
salary office within the gift of the  
Democracy of Pontotoc county.

It has become my duty to resign  
the East Ada precinct committeeman-  
ship and I do, thanking Col. Thomp-  
son, county chairman, for the honor  
of the appointment and assuring him  
as state committeeman that we shall  
work hand in hand with his commit-  
tee to make Pontotoc county the ban-  
ner Democratic one of Oklahoma.

The State Democratic Committee is  
called to meet at Oklahoma City Feb.  
12th. Preparing for the 1910 State  
Campaign there will be important du-  
ties to perform. As State Committe-  
man, I cordially invite advice and  
suggestions from Pontotoc Democrats  
relative to party matters which may  
come before the state organization.  
Sincerely,  
OTIS B. WEAVER.

## NOT EVEN "POSSUMING."

From the spirit displayed at the  
meeting on Thursday night relative to  
sinking an oil well it would seem that

Roff is not dead, nay, not even  
asleep. And the fact that oil has been  
discovered at Ada would indicate that  
we are in the midst of an oil region.  
Certain it is that the signs around  
Roff are more plentiful than else-  
where.

Last week a report was circulated  
that the Frisco division at Francis  
was to be moved to Ada. The people  
of Francis countered by organizing a  
commercial club, raising \$200 for a  
special edition of the Wigwag to be  
circulated advertising Francis, and  
a general activity otherwise to boom  
the town. It will win in the long  
run. It takes boosting to build a  
town and Francis is going after it  
in the right manner.—Roff Eagle.

## THIS IS CARNATION DAY.

Today is Carnation day. The reason  
for observing this day as such is  
recognizing the birthday—today is  
the sixty-eighth—of William McKin-  
ley, the late martyred president of  
the United States.

Red carnations, the favorite flower  
of McKinley, will be worn by thou-  
sands of men, women and children.  
General Robert D. Kennedy of Belle-  
fontaine, Ohio, who is head of the  
Carnation League of America, has  
sent reminders of the day broadcast  
throughout the country.

## LEMEBAUGH FOR SUPREME JUDGE

Judge J. H. Lemebaugh, one of the  
pures Democratic citizens of Okla-  
homa has announced for the office of  
Justice of the Criminal Court of Ap-  
peals from the nominating district in  
which resides Judge Tom Owens,  
present incumbent of the bench of  
that court.

It is intimated that Judge Owen  
will not be a candidate for re-elec-  
tion. It is thought that if he should  
desire to remain on the bench, there  
wouldn't be much trouble, for all re-  
cognize his eminent fitness and his ca-  
pacity for successful achievement.

The barber says he doesn't want  
to make people think he's a man who  
can see all things, but that if some  
people could see themselves as he  
sees them they could see that other  
people can see that the barber can  
see that they could use a shave  
often. And he mixed his lather o, k,  
when he said it, too—so he says, says  
he.

Ada has brought in a small oil well  
at a depth of about 1200 feet. This  
only goes to prove, as we have al-  
ways said, that this country will  
some of these days, be a veritable  
Glenn Pool, with Tupelo the axis.—  
Tupelo Times.

After we starve out the meat trust  
we'll have to starve out some of  
the other trusts, and like as not by  
that time the meat trust will be  
ready for another starvin'. Well, we  
can do 'er, can't we?

While the steam ditcher is caving  
in culverts it isn't in other mean-  
ness. And while we are on the sub-  
ject, it would make a nice little watch  
charm, wouldn't it?

Although the wise heads declare  
the comet is traveling 120 miles a  
second, it puts up in Ada every night.  
Must take a little run during the  
day.

If the price of shoes goes up we  
can fall back on—or into—boots.  
That'll be easier than the starving  
act.

January 26, 1910.  
Hon. J. B. Thompson, Chairman Dem-

lahoma.

Dear Sir:  
Since I intend to be a candidate  
for democratic nomination to office,  
I feel that it is my duty to resign  
the Democratic Committeemanship for  
Pontotoc county, for it does not ap-  
pear proper to me for any one to hold

the important position of State Com-

a candidate for any office.

I deeply appreciate the evidence of  
the confidence of the Democracy of  
Pontotoc county when it elected me its  
state representative.

Hereby handing you my resignation  
from the State Committee, I beg to  
thank you for the courtesies always  
extended me. Yours for a great state  
victory. Sincerely, your friend,

## DEATH REMOVES AN- OTHER AGED GENTLEMAN

GEORGE WILLIAMS DISMUKES  
DIES AT AGE OF 82.

Born in Tennessee. Lived in Ada Nine  
Years—Served Throughout  
Civil War.

After an illness extending over a  
year which a few days ago developed  
into pneumonia, but assumed an  
alarming state only Thursday evening,  
George Williams Dismukes, one of  
the oldest and highest honored citi-  
zens of Ada and Pontotoc county,  
quietly passed into the great beyond  
Friday evening at 7:15. Death occurred  
at the home of G. B. Dismukes,  
a son, on Thirteenth and Broadway  
streets, with whom he has made his  
home since coming in this city.

Native of Tennessee,  
George W. Dismukes was born in  
middle Tennessee on August 31, 1827,  
being at the time of his death 82  
years, four months and 28 days of  
age. He came to Ada nine years ago  
and has been here continuously since  
that time. He was first married in  
the year of 1853 at Pittsburg, N. C.,  
and his wives, of which there were  
four, have been dead for many years.

Deceased was a devoted christian,  
being a member of the Baptist de-  
nomination, and his death calls for  
the sympathy of a great number of  
friends.

## A Confederate Veteran.

When the great Civil war broke out  
Mr. Dismukes was one of the first  
to enlist and, shouldering his gun,  
he went into the conflict and did val-  
iant service through the entire four  
years.

The funeral service was conducted  
at his son's home this afternoon at  
three o'clock by Rev. Croxton and  
at four o'clock the body was interred  
in Rosedale cemetery.

## HON. T. D. McKEOWN RESIGNS COMMITTEE

TENDERS RESIGNATION TO TAKE  
EFFECT AT ONCE.

Believe No Member Who Anticipates  
Entering Campaign Should Re-  
tain Office.

January 28th, 1910.  
Hon. George Thompson, Chairman of  
the Democratic Central Committee  
for Pontotoc County, Ada, Okla.

Dear Sir:  
Believing that no member of the  
County Central Committee, who an-  
ticipates entering the coming cam-  
paign for office, should hold or re-  
tain his position, I beg herewith to  
hand you my resignation as commit-  
teeman from my precinct to take ef-  
fect at once.

It appears to be in keeping with  
the spirit of the rules promulgated  
by the Democratic State Central Com-  
mittee that no person shall hold the  
responsible position of Committe-  
man and at the same time enter the  
race for office.

I do not wish to appear in the light  
of dictating who my successor shall  
be, but in as much as the coming  
campaign will be one that is likely  
to be strenuous I would like that you  
would consider the name of Hon. Otis  
B. Weaver, as he has always been  
diligent in looking after the inter-  
ests of Democracy.

Thanking you and the members of  
the Committee for the many courtes-  
ies extended to me, I beg to remain,  
Yours for success,  
TOM D. McKEOWN.

Col. George Thompson, chairman of  
the Central Committee for Pontotoc  
County, has appointed Otis Weaver  
vice Hon. T. D. McKeown, resigned  
as a member of the county Demo-  
cratic Central committee from the  
East Ada precinct.

## COAL MINES SHUT DOWN.

Disagreement at Coalgate Closes a  
Number of Mines.

Coalgate, Ok., Jan. 29.—The M., K.  
& T. Coal Department Mines No. 10,  
12, 14 and 17 are idle this week on  
account of a disagreement between  
the men and the operators over the  
date of the pay day. The Company  
is supposed and hereofore have paid  
on the second and fourth Saturdays  
in each month, but last Saturday they  
failed to do so and as a result the

COURT AND ATTORNEY  
"HAD IT IN" FOR HIM

BLACK ROCK FARMER FLAYS BROWN AND WIMBISH.

Doesn't Understand Verdict Rendered Against Him, and Condemns the Laws.

The case of B. R. Moody vs. Newman and Harper, which was styled, "forceable entertainer" called for a full house in Justice Brown's court room yesterday afternoon. The case was an interesting one from start to finish, consuming a full half day, and the audience had its ears open every minute of the time.

The actors in the matter were all from the Black Rock vicinity and Moody was trying his dead level best to compel Newman and Harper to vacate a tract of land belonging to him. These fellows, whom Moody considered as going in cahoots against him, got on the land under a void contract and refused to get off. Then Moody got a legal contract to oust them.

Prominent Men on Jury.

The trial was conducted before a jury that was composed of some of the most prominent men in the city. They were bankers, merchants and retired capitalists. They carefully watched every move, determined to show all concerned what a good jury could do.

Their verdict was that Newman and Harper get off the land. That suited Moody to a "T".

Harper Didn't Like It.

After the verdict was read Harper, who is an old gentleman, jumped up before Justice Brown and demanded what the verdict meant. The court told him he was guilty of unlawfully holding a tract of land, and explained to him that it didn't mean he had to go to jail.

The old gentleman didn't like this a little bit and told the crowd what he thought of the matter in this manner:

"I have been living a mighty long time and have been around a whole lot, but I have never heard of such a verdict before in my whole life. The laws of Oklahoma are the queerest laws I ever did hear of and I think the court and the plaintiff's attorney (that was Bob Wimbish) have to in for me."

Everybody enjoyed the little speech, but as it was made after the verdict was handed in it didn't help matters any, and Mr. Harper, with his friend Newman, will have to get another piece of land on which to locate.

REV. NEEDHAM LEAVES.

Departs This Morning For Seminole, Texas.

Rev. J. O. Needham left this morning for Durant where he will visit until Monday when he will leave for Seminole, Texas, where he and his family expect to permanently locate. Rev. Needham came to Ada last August from Louisville, Ky., and accepted the pastorate of the First Presbyterian church which he held until the uniting of the two churches several weeks ago. He is an able minister and Ada regrets his and family's leaving.

His estimable family left yesterday for a visit with Mrs. Needham's parents in Mississippi and will rejoin Rev. Needham at a later date.

Booze Seized Here and at Other Towns Shipped to Guthrie Today.

One hundred and fifty cases of booze which was seized at the Frisco depot in this city, at Allen, Stonewall and Sigler, was today confiscated by Justice Brown's court who ordered the sheriff to deliver the whiskey to the state dispensary at Guthrie.

Obedient to his instructions the sheriff has taken the booze from the store room in the court house, loaded it on drays and delivered it to the railroad company, consigned to the state capital.

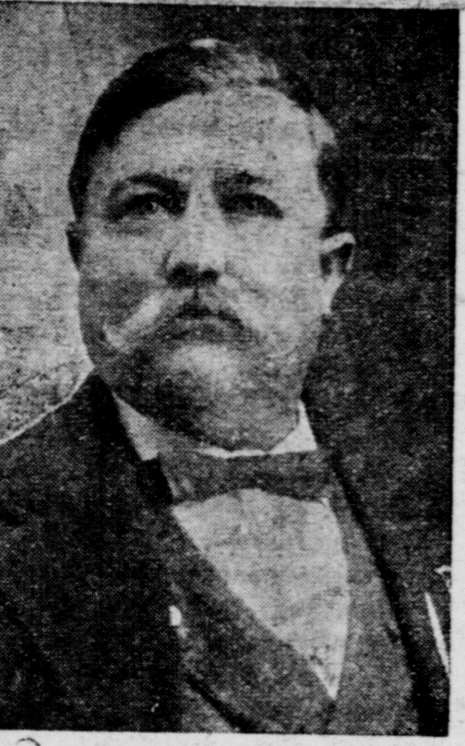

F. W. Fenton, the state enforcement officer who seized the liquor in this city, was present during the court proceedings as a witness for the state.

The death angel visited our vicinity on Thursday night, the 20th and claimed for its victim J. A. Pirtle. Mr. Pirtle had been ill eight or nine days with pneumonia. There seemed to be no chance for his recovery from the first. They employed several eminent physicians but nothing could be done. Mr. Pirtle was one of our best citizens and had been a resident of this community for a number of years with the exception of last year when he lived at Stratford. He was well known and liked by all. He leaves a wife, son, one brother and an aged mother to mourn his loss.

### RICKARD AND GLEASON DISPUTE

#### Fighters Liable to Take Sides and Cause a Rumpus.

New York, Jan. 29.—A report that the Jeffries-Johnson fight will shortly be declared off on account of the dispute between Rickard and Gleason as to the place where it is to be held was current in New York today.

Many sporting men said that if a clash between the promoters occurred the rival pugilists would be likely to take sides. It was pointed out that Jeffries had been reported as in league with Gleason many weeks ago, while Rickard was supposed at the same time to have secured assurances of Johnson's support. Neither of the pugilists are in the city at this time and Rickard and Gleason are on the Pacific slope.

### CHESTY JACK GLEASON.

#### Now Declares Rickard Can Quit or Hold Fight in Frisco.

San Francisco, Jan. 29.—Referring to the report current in New York that the Jeffries-Johnson fight would be declared off owing to the failure of Rickard and Gleason to agree as to where it shall be held, Gleason said today there was no foundation for the rumor. He declared that if Rickard was dissatisfied with his contention that the contest should be held in this city he could retire from the management. Should he do this, Gleason said, he was prepared to make all the arrangements for holding the fight in San Francisco.

### Managers Happy.

Pittsburg, Pa., Jan. 29.—Two baseball men who have been in the city during the conferences of the major league committees this week, left for home, after accomplishing what they came here for. Charles A. Comiskey of the Chicago Americans wore an engaging smile as he boarded his train, for he had signed Frank Smith for his pitching squad. Smith had rejected all overtures the day before, hence, Comiskey's smile. Clarke Griffith, too, landed his quest in Hans Lobert, who has agreed to play third for Cincinnati this year.

### Wrestling.

Chicago, June 29.—Considerable interest is being evidenced in the coming wrestling bout between Stanislaus Zbyszko, the Polish champion, and Yussuf Mahmoud, the Turk, to take place in Chicago soon. According to the articles of agreement, Mahmoud is to throw Zbyszko twice in one hour of actual wrestling or lose the match. If the Pole gains a fall he shall be declared the winner. Mahmoud has met defeat only once during his career as a wrestler, and that the hands of the champion.

### National League Open April 13.

Pittsburg, Pa., Jan. 26.—The joint schedule committee of the two major baseball leagues concluded its work tonight, and the members left for home. It was formally announced that both the long and short schedules would be presented to the National League meeting next month. Ban Johnson, president of the American League, said that either schedule would fit in satisfactorily with his league. The season will open in the West on April 13, Pittsburg will open at St. Louis.

### BASE BALL HASH.

Mike Cantillon is making an effort to secure a first baseman of class for his Minneapolis Millers for the coming season. Word comes from

Chicago that he has offered Jiggs Donahue, former Chicago White Sox first sacker, a contract, but Jiggs is not signing. Jiggs has an idea that he wants to become a semi-pro magnate and have a team in the Chicago City League. He is laying plans now to get a park and sign players for the coming season. Therefore he is carrying his Minneapolis contact around in his pocket and letting Cantillon wait. Donahue played great ball for Chicago, and last year was with the Washington club. He is going back, but should play first in fine shape for an American Association team for a couple of years yet. Since Warren Gill accepted a White Sox contract and is practically sure of his job, Cantillon has been worrying about filling his shoes.

Hans Wagoner did not announce that he would hold out this year and therefore to give him the usual amount of free advertising during the winter months Barney Dreyfuss has announced that Wagoner will probably play first base. It is a ten to one shot that Hans will be back at his old position again and possibly or two or three years to come. The only thing that will switch him to first will be his own request that he play there. Jack Flynn, formerly of St. Paul, is supposed to play first for the Pirates.

### ROFF ITEMS.

From the Eagle.

Last week the drillers at Ada struck a flow of oil and gas at a depth of 1150 feet. The flow is not strong, but the drillers think that they will get more farther down. The indications are that there is oil and gas all over this section.

Colonel J. W. Vaden returned on Tuesday from various points in Texas and says he is back in Roff to stay for awhile. He has been away for several weeks.

Vera Allen, daughter of Mr. and Mrs. Allen of Lightning Ridge, died on Sunday and was buried in the Lightning Ridge cemetery. The bereaved ones have the sympathy of all.

J. R. Chandler, G. A. Smith and Jim Lillard of Francis spent Sunday in Roff, the guests of Ed Fussell.

Mr. and Mrs. Oscar Collins and Fred Russell went to Har last Friday to attend the funeral of Joe Pirtle.

I. D. Nichols went to Muskogee on business on Sunday evening.

### INDIANS ARE DESTITUTE.

#### Osages Beg Agency for Money to Buy Food.

Pawhuska, Okla., Jan. 29.—The Pawhuska delegation that went to Washington about three weeks ago, has returned.

W. M. Ofal has been besieged by moneyless Osages ever since. Hundreds of the full bloods are destitute, in spite of the fact that each member of the wealthiest tribe on earth received \$800 last year.

Many of these Indians are eager to either sell or mortgage their surplus lands. They are mortally afraid of paying taxes or working on the roads.

The Ada folks will enjoy Hon. Bob Neff and his estimable family leading players in "An American Hobo" tonight at Opera House.

It has been the pleasure of the editor to know Bob personally for several years and he is a splendid gentleman. If Neff hadn't monkeyed with daily papers and shows so much in the past he would doubtless be in congress now, to which place the Oklahoma democrats very nearly consigned him once when he was the party nominee against Dennis Flynn.

### INSANE WOMAN SUICIDES.

#### Ends Life by Burning at Home of Wewoka Relative.

Wewoka, Ok., Jan. 29.—A woman whose name could not be learned was reported to have committed suicide last week by burning.

In a fit of insanity she poured oil upon her clothing, set fire to it and in a few moments had been burned to death.

The terrible act was committed at the home of Walter Gray, who lives several miles southwest of town. Mr. and Mrs. Gray had gone to the home of a neighbor, leaving the woman, a relative who has been making her home with them, alone at the house.

## APPROPRIATIONS ARE REFUSED

\$300,000 for Vinita Insane Asylum and  
\$200,000 for McAlester Peniten-  
tiary Are Referred  
Adversely.

Guthrie, Ok., Jan. 28.—In a caucus of House Democrats today, it was agreed that in event resolutions or documents were offered in the House touching the proposed investigation authorized by the Ross resolution adopted Monday last, the majority would indulge in no debate, but refer such matter immediately to the committee of investigation. The rule of silence is no taken as applying when the investigating committee makes a report to the house, but precludes any airing of opinions by Democrats prior to scrutiny of the charges by the committee.

The caucus meeting was harmonious. An effort was made to modify the resolution under which the committee was appointed, so that any member of the house or any state officer authorized by the resolution to prefer charges could do so upon information and belief, but his was defeated. Accusers will be held, members say, to the strict form of oath, which permits of no doubt as to what they intend the charges to convey. In place of a modification, however, the so-called insurgent element secured a declaration from the caucus that it favored a thorough and complete investigation, and that the members were willing to aid the committee all that is possible.

The legislature probably will make no appropriations except to cover such deficiencies and emergencies as have been already recommended by the Governor, and the senate committee placed itself on record adversely upon the bill by Senator Keys proposing to appropriate \$300,000 for the Vinita Insane Asylum. Two hundred thousand dollars was appropriated during the regular session. The senate's democratic caucus refused to sanction an additional \$200,000 appropriation for the McAlester penitentiary, but the matter is left pending their by agreement. The economic policy will not affect, it is thought, the proposed purchase of land for the penitentiary and the asylum reaching a total of \$60,000. President Connors of the Board of Prison Control will appear before the senate committee to urge the McAlester appropriation. The institution today had 1116 penal prisoners, a growth of several hundred since he confinement was transferred from Kansas to Oklahoma. It is stated a large part of the increase is due to laws which make it possible to sentence persons to the penitentiary for thirty, sixty or ninety days, and it is indicated the governor will ask the legislature to rectify this by limiting penal servitude to at least a minimum of a year.

### Public Building Parag. 3.

Legislation which will materially aid in the construction of public buildings was proposed in a bill by Sen. or Redwine today, fixing maturity dates for warrants and other obligations against the public building fund. It authorized an issue of warrants to the amount of \$1,500,000, to bear 6 per cent interest. The warrants are first lien upon proceeds derived from the sale of building lands, being issued in \$100,000 series.

The first series become due Jan. 1, 1914, and one series each Jan. 1 thereafter until 1923, which takes up the fifteenth series. The measure will correct a deficiency heretofore claimed in public building contracts and

give the warrants a standing in financial circles.

It was Senator Blais contention that the lands belonged to all the people of the state and he had grown weary, he said, over having lands set aside for a certain class of people. Senator Redwine read a statement showing that the lands lay in what is now Greer and Harmon counties, amounting to about 44,000 acres and appraised at \$852 per acre. Senator Russell referred to the proposed constitutional amendment passed yesterday which would give the common schools a per capita payment of \$2, whereas the Greer County land would yield about 30 cents per acre per capita.

### New Senate Bills.

New senate bills were by Senator Williams, appropriating \$5,000 for governor's contingent fund, to replace loan made to attorney's general's department for use in the railroad rate case before federal court, by Senator Memminger, providing taxes shall be due Oct. 15 each year, and that portion applying on personal property delinquent after Dec. 15 and on real estate after April 15 by Senator Soldani, amending the drainage law so that commissioners, before completion of the drain or other improvement if necessary may change the specifications by an order of record and commissioners may acquire rights of way for drains by gift purchase or condemnation proceedings the latter being the same as now provided for railroad purposes. Joint resolution by Senator Cunningham authorizing the governor and the state treasurer to sell the states claim against the Capital National bank.

### TARIFF NOT SATISFACTORY.

Germany Pleased With Progress of  
Negotiations With United States.

Berlin, Jan. 29.—The contents of the American tariff now are held in confidence, the only official description being that the note is very satisfactory. Interest in the question of trade relations between Germany and the United States is widespread. The government issued a short statement tonight informing the public of its present phase as follows:

After consideration of the negotiations relative to commerce which have already occurred between the German and American governments and a complete examination of the documents presented, the imperative conservative board for commercial questions has expressed full and unrestricted approval of the steps taken by the Federal council in connection with further negotiations on the subject several questions were placed before the board a discussion of which led to a unanimous agreement on the lines hitherto pursued by the government.

The newspapers continue to deplore the talk of tariff hostilities, but with the exception of the Socialistic and Radical journals, they are agreed that the Reichstag will not yield on any conclusion affecting agriculture.

## COMET'S TAIL SPLIT; NO CAUSE IS KNOWN

ELECTRICAL DISTURBANCES ARE  
CITED

It Causes Alarm in Mexico—Mexicans  
Interested at Comet's Ap-  
pearance.

New York, Jan. 29.—The latest bulletin from the Columbia University astronomer on the subject of the comet "A, 1910" calls attention to the splitting of its tail. The announcement says:

"The splitting in the tails of comets has been noticed before, but the causes of the phenomena are not definitely known. It may be due to electrical disturbances.

The discovery of sodium in the composition may account for the unusual brilliancy of the present visitor. Usually comets are composed of hydro-carbons.

What the present comet is, what is its orbit and how great is its velocity can not yet be known.

### COMET ALARMS NATIVES.

Superstitious Mexicans Showing Un-  
usual Interest.

Guadalupe, Mexico, Jan. 29.—The comet discovered Jan. 13 is now visible in this section of Mexico. According to reports, it is causing consternation among people of the lower class in some portions of this state.

Church services are proving unusually attractive. Since the appearance of the comet pilgrimages to the shrine of the Virgin of Talpa have been organized, and some of the pilgrims are making journeys of many miles on their knees. Talpa is a small town in the western part of Jalisco, and annually pilgrimages are made to its shrine.

Photographs of Comet.  
San Jose, Cal., Jan. 29.—Prof. William H. Wright astronomer at the Lick Observatory on Mount Hamilton last night obtained several good photographs of the new comet, "A, 1910." He said traces of sodium were visible after the comet had disappeared from view.

### TO BE SURE EGG IS FRESH.

"Watch the Hen," Says Dr. Wiley, the  
Pure Food Expert.

Washington, D. C., Jan. 29.—Charging that unnamed sinister influences had accomplished the repeal of the law relating to enforcing efficiency in cold storage of food products, Dr. Harvey W. Wiley, the government pure food expert declared at the high cost of living hearing of a house subcommittee today that the elimination of the appropriation for this work had greatly hampered his department in protecting the public from deleterious food products.

"What is the most certain method of assuring ones self that an egg is absolutely fresh asked Representative Pearre.

"Watch the hen," sentimentally replied Dr. Wiley.

"I want to know when an egg appears to be fresh and starts verging on the passe," explained Mr. Pearre. "I'll answer you replied Dr. Wiley, 'If you'll tell me when a pig ceases to be a pig and begins to become a hog'."

Seriously Dr. Wiley said cold storage could not be blamed for all bad eggs. He added that they should not be kept in cold storage as long as a year. Nine months should be the longest period, he thought.

### FIRE LOSS \$1500.

Residence of Three Widows at Sulphur Burns.

Sulphur, Ok., Jan. 29.—Friday at one o'clock the two-story residence of Phil Roberts, on Eleventh street, caught fire in the roof of the upstairs, and before the fire department could reach the scene the house and contents were too far gone to be saved. In fact, nothing except a trunk and some quilts were taken out. Three widow ladies occupied the house. The loss was about \$1,500. Amount of insurance not known.

### A Royal Reception.

All the business houses, by agreement, closed early last evening, in order to give everybody an opportunity to visit the opera house and witness Blackwell's favorite comedian, Robert A. Neff, in An American Hobo. By three o'clock in the afternoon all the seats in the boxes, boxes circle and balcony were sold and when the doors were opened in the evening there was a rush made for the gallery which was soon filled to suffocation, many society ladies sitting away up there in the gallery where usually none but the gallery gods sit. It is estimated that fully three hundred persons were earned away, being unable to secure seats. Everybody was delighted, and manager Warner says it was the largest audience ever assembled in the opera house—Blackwell, Oklahoma, Daily News.

Fact That He Is a Bachelor Explains It All.

Pawhuska, Okla., Jan. 29.—Harry Bowlegs a full-blood Osage and about the only old bachelor in the tribe, does more real manual labor than any other Indian of this region.

Bowlegs never drinks strong drinks nor has he ever used tobacco. He works a hour by the day or week and puts the money in the bank with his other deposits which are about \$12,000.

He looks much like Little Wolf, who is the only bachelor of the Sac and Foxes and likewise works more than any other member of those united tribes.

OTIS WEAVER APPOINTED  
STATE DEM. COMMITTEEMAN  
Otis Weaver of this city has been  
appointed a member of the county  
Democratic Central Committee from  
the East Ada precinct, vice Hon. T.  
D. McKeown, resigned County chair-  
man, George Thompson as he was  
authorized made the appointment,  
for which the recipient expressed  
pride and pledged his devotion to its  
duties.  
Subsequently, Hon. J. B. Thompson  
chairman of the State Central Demo-  
cratic Committee "appointed" Otis  
Weaver member of the State Demo-  
cratic Committee from Pontotoc coun-  
ty, vice Hon. Sam McClure resigned.  
The information of the representa-  
tive character of the democratic citi-  
zens of Pontotoc county who recom-  
mended the appointment of Otis  
Weaver as state committeeman and  
the assurances of satisfaction from  
others that the appointment is satis-  
factory, decided me to accept this  
very important appointment for it  
held vastly more desirable than any  
salary office within the gift of the  
Democracy of Pontotoc county.  
It has become my duty to resign  
the East Ada precinct committeeman-  
ship and I do thank Col. Thomp-

of the appointment and assuring him  
as state committeeman that we shall

NOT EVEN "POSSUMING."  
From the spirit displayed at the  
meeting on Thursday night relative to  
striking an oil well it would seem that

ROFF IS NOT DEAD, MAY, NOT EVEN  
asleep. And the fact that oil has been  
discovered at Ada would indicate that  
we are in the midst of an oil region.  
Certain it is that the signs around  
Roff are more plentiful than else-  
where.  
Last week a report was circulated  
that the Frisco division at Francis  
was to be moved to Ada. The people  
of Francis countered by organizing a  
commercial club, raising \$200 for a  
special edition of the "Wigwam" to be  
circulated advertising Francis, and  
a general activity otherwise to boom  
the town. It will win in the long

LEMEBAUGH FOR SUPREME JUDGE  
Judge J. H. Lemebaugh one of the  
pure Democratic citizens of Okla-  
homa has announced for the office of  
Justice of the Criminal Court of Ap-  
peals from the nominating district in  
which resides Judge Tom Owens  
present incumbent of the bench of  
that court.  
It is intimated that Judge Owen  
will not be a candidate for re-election.  
It is thought that if he should  
desire to remain on the bench there  
wouldn't be much trouble, for all re-  
cognize his eminent fitness and his ca-  
pacity for successful achievement.

Ada has brought in a small oil well  
at a depth of about 1200 feet. This  
only goes to prove, as we have al-  
ways said that this country will  
some of these days, be a veritable  
Glenn Pool, with Tupelo the axis—  
Tupelo Times

After we starve out the meat trust  
well have to starve on some of  
the other trusts, and like as not by  
that time the meat trust will be  
ready for another starvin'. Well we  
can do or can't we?

While the steam ditcher is carving  
in culverts it isn't in other mean-  
ness. And while we are on the sub-  
ject it would make a nice little watch  
charm, wouldn't it?

Although the wise heads declare  
the comet is traveling 120 miles a  
second, it puts up in Ada every night.  
Must take a little run during the  
day.

If the price of shoes goes up we  
can fall back on—or into—boots.  
That'll be easier than the starving  
act.

FARM WANTED.  
Will pay cash for 160 to 240 acre  
farm near Ada. Price must be cheap  
and good land. Box 198, Ada, Okla.

tain Office.  
January 26th, 1910  
Hon. George Thompson Chairman of  
the Democratic Central Committee  
for Pontotoc County, Ada, Okla.  
Dear Sir

County Central Committee who an-

hand you my resignation as commit-

responsible position of Committeeman  
and at the same time enter the  
race for office.  
I do not wish to appear in the light  
of dictating who my successor shall

to be strenuous I would like that you  
would consider the name of Hon. Otis

diligent in looking after the inter-

Thanking you and the members of  
the Committee for the many courtesies

## COURT AND ATTORNEY

### "HAD IT IN" FOR HIM

BLACK ROCK FARMER FLAYS BROWN AND WIMBISH.

Doesn't Understand Verdict Rendered Against Him, and Condemns the Laws.

The case of B R. Moody vs Newman and Harper, which was styled, 'forceable entertainment' called for a full house in Justice Brown's court room yesterday afternoon. The case was an interesting one from start to finish, consuming a full half day, and the audience had its ears open every minute of the time.

The actors in the matter were all from the Black Rock vicinity and Moody was trying his dead level best to compel Newman and Harper to vacate a tract of land belonging to him. These fellows, whom Moody considered as going in cahoots against him, got on the land under a void contract and refused to get off. Then Moody got a legal contract to oust them.

Prominent Men on Jury. The trial was continued before a jury that was composed of some of the most prominent men in the city. They were bankers, merchants and retired capitalists. They carefully watched every move determined to show all concerned what a good jury could do.

Their verdict was that Newman and Harper get off the land. That suited Moody to a T.

Harper Didn't Like It. After the verdict was read Harper who is an old gentleman, jumped up before Justice Brown and demanded what the verdict meant. The court told him he was guilty of unlawfully holding a tract of land, and explained to him that it didn't mean he had to go to jail.

The old gentleman didn't like this a little bit and told the crowd what he thought of the matter in this manner:

'I have been living a mighty long time and have been around a whole lot but I have never heard of such a verdict before in my whole life. The laws of Oklahoma are the queerest laws I ever did hear of and I think the court and the plan of attorney (that was Bob Wimbish) have it in for me.'

Everybody enjoyed the little speech but as it was made after the verdict was handed in it didn't help matters any, and Mr Harper with his friend Newman, will have to get another piece of land on which to locate.

REV. NEEDHAM LEAVES. Departs This Morning For Seminole, Texas.

Rev Needham came to Ada last August from Louisville Ky., and accepted the pastorate of the First Presbyterian church which he held until the untimely death of the two churches several weeks ago. He is an able minister and Ada regrets his and family's leaving.

CLAIMED BY DEATH.  
Highly Respected Pontotoc County Citizen Dies.

The death angel visited our vicinity on Thursday night the 20th and claimed for its victim J A. Pirtle. Mr Pirtle had been ill eight or nine days with pneumonia. There seemed to be no chance for his recovery from the first. They employed several eminent physicians but nothing could be done. Mr Pirtle was one of our best citizens and had been a resident of his community for a number of years with the exception of last year when he lived at Stratford. He was well known and liked by all. He leaves a wife, son, one brother and an aged mother to mourn his loss. The funeral services were conducted by the W O W of which he was a prominent member. The interment took place Friday afternoon at the Hart Cemetery. Quite a large crowd was in attendance to pay their last respects to the dead. This community extends its sincerest sympathy to the bereaved ones.

## RICKARD AND GLEASON DISPUTE

### Fighters Liable to Take Sides and Cause a Rumpus.

New York, Jan. 29.—A report that the Jeffries-Johnson fight will shortly be declared off on account of the dispute between Rickard and Gleason as to the place where it is to be held was current in New York today.

Many sporting men said that if a clash between the promoters occurred the rival pugilists would be likely to take sides. It was pointed out that Jeffries had been reported as in league with Gleason many weeks ago, while Rickard was supposed at the same time to have secured assurances of Johnson's support. Neither of the pugilists are in the city at this time and Rickard and Gleason are on the Pacific slope.

### CHESTY JACK GLEASON.

### New Declares Rickard Can Quit or Hold Fight in Frisco.

San Francisco, Jan. 29.—Referring to the report current in New York that the Jeffries-Johnson fight would be declared off owing to the failure of Rickard and Gleason to agree as to where it shall be held, Gleason said today there was no foundation for the rumor. He declared that if Rickard was dissatisfied with his contention that the contest should be held in this city he could retire from the management. Should he do this, Gleason said, he was prepared to make all the arrangements for holding the fight in San Francisco.

### Managers Happy.

Pittsburg, Pa., Jan. 29.—Two baseball men who have been in the city during the conferences of the major league committees this week, left for home, after accomplishing what they came here for. Charles A. Comiskey of the Chicago Americans were an engaging smile as he boarded his train, for he had signed Frank Smith for his pitching squad. Smith had rejected all overtures the day before, hence, Comiskey's smile. Clarke Griffith, too, landed his quest. In Hans Lobert, who has agreed to play third for Cincinnati this year.

### Wrestling.

Chicago, June 29.—Considerable interest is being evidenced in the coming wrestling bout between Stanislaus Zbyszko, the Polish champion, and Yussuf Mahmoud, the Turk, to take place in Chicago soon. According to the articles of agreement, Mahmoud is to throw Zbyszko twice in one hour of actual wrestling or lose the match. If the Pole gains a fall he shall be declared the winner. Mahmoud has met defeat only once during his career as a wrestler, and that the hands of the champion.

### National League Open April 13.

Pittsburg, Pa., Jan. 26.—The joint schedule committee of the two major baseball leagues concluded its work tonight and the members left for home. It was formally announced that both the long and short schedules would be presented to the National League meeting next month. Ban Johnson, president of the American League, said that either schedule would fit in satisfactorily with his league. The season will open in the West on April 13. Pittsburg will open at St. Louis.

### BASE BALL HASH.

Mike Cantillon is making an effort to secure a first baseman of class for his Minneapolis Millers for the coming season. Word comes from

Chicago that he has offered Jiggs Donahue, former Chicago White Sox first sacker, a contract, but Jiggs is not signing. Jiggs has an idea that he wants to become a semi-pro magnate and have a team in the Chicago City League. He is laying plans now to get a park and sign players for the coming season. Therefore he is carrying his Minneapolis contact around in his pocket and letting Cantillon wait. Donahue played great ball for Chicago, and last year was with the Washington club. He is going back, but should play first in fine shape for an American Association team for a couple of years yet. Since Warren Gill accepted a White Sox contract and is practically sure of his job, Cantillon has been worrying about filling his shoes.

Hans Wagener did not announce that he would hold out this year and therefore to give him the usual amount of free advertising during the winter months Barney Dreyfuss has announced that Wagener will probably play first base. It is a ten to one shot that Hans will be back at his old position again and possibly or two or three years to come. The only thing that will switch him to first will be his own request that he play there. Jack Flynn, formerly of St. Paul, is supposed to play first for the Pirates.

### ROFF ITEMS.

From the Eagle.  
Last week the drillers at Ada struck a flow of oil and gas at a depth of 1150 feet. The flow is not strong, but the drillers think that they will get more farther down. The indications are that there is oil and gas all over this section.

Colonel J. W. Vaden returned on Tuesday from various points in Texas and says he is back in Roff to stay for awhile. He has been away for several weeks.

Vera Allen, daughter of Mr. and Mrs. Allen of Lightning Ridge, died on Sunday and was buried in the Lightning Ridge cemetery. The bereaved ones have the sympathy of all.

J. R. Chandler, G. A. Smith and Jim Lillard of Francois spent Sunday in Roff, the guests of Ed Russell.

Mr. and Mrs. Oscar Collins and Fred Russell went to Har. last Friday to attend the funeral of Joe Pirle.

I. D. Nichols went to Muskogee on business on Sunday evening.

### INDIANS ARE DESTITUTE.

Pawhuska, Okla., Jan. 29.—The Pawhuska delegation that went to Washington about three weeks ago, has returned.

W. M. Oial has been besieged by moneyless Osages ever since. Hundreds of the full bloods are destitute, in spite of the fact that each member of the wealthiest tribe on earth received \$300 last year.

Many of these Indians are eager to either sell or mortgage their surplus lands. They are mortally afraid of paying taxes or working on the roads.

Wewoka, Ok., Jan. 29.—A woman whose name could not be learned was reported to have committed suicide last week by burning.

In a fit of insanity she poured oil upon her clothing, set fire to it and in a few moments had been burned to death.

The terrible act was committed at the home of Walter Gray, who lives several miles southwest of town. Mr. and Mrs. Gray had gone to the home of a neighbor, leaving the woman, a relative who has been making her home with them, alone at the house.

## APPROPRIATIONS ARE REFUSED

\$300,000 for Vinita Insane Asylum and

Adversely.

Guthrie, Ok. Jan. 28.—In a caucus of House Democrats today, it was agreed that in event resolutions or documents were offered in the House touching the proposed investigation authorized by the Ross resolution adopted Monday last the majority would indulge in no debate but refer such matter immediately to the committee of investigation. The rule of silence is no taken as applying when the investigating committee makes a report to the house but precludes any airing of opinions by Democrats prior to scrutiny of the charges by the committee.

The caucus meeting was harmonious. An effort was made to modify the resolution under which the committee was appointed, so that any member of the house or any state officer authorized by the resolution to prefer charges could do so upon information and belief, but his was defeated. Accusers will be held, members say, to the strict form of oath which permits of no doubt as to what they intend the charges to convey. In place of a modification, however, the so-called insurgent element secured a declaration from the caucus that it favored a thorough and complete investigation and that the members were willing to ask the committee all that is possible.

The legislature probably will make no appropriations except to cover such deficiencies and emergencies as have been already recommended by the Governor, and the senate committee placed itself on record adversely upon the bill by Senator Keys proposing to appropriate \$300,000 for the Vinita Insane Asylum. Two hundred thousand dollars was appropriated during the regular session. The senate democratic caucus refused to sanction an additional \$200,000 appropriation for the McAlester penitentiary, but the matter is left pending their by agreement. The economic policy will not affect at it is thought the proposed purchase of land for the penitentiary and the asylum reaching a total of \$60,000. President Connors of the Board of Prison Control will appear before the senate committee to urge the McAlester appropriation. The institution today had 1,116 penal prisoners, a growth of several hundred since he confinement was transferred from Kansas to Oklahoma. It is stated a large part of the increase is due to laws which make it possible to sentence persons to the penitentiary for thirty, sixty or ninety days and it is indicated the governor will ask the legislature to rectify this by limiting penal servitude to at least a minimum of a year.

**Public Building Funds.**  
Legislation which will materially aid in the construction of public buildings was proposed in a bill by Senator Redwine today, fixing maturity dates for warrants and other obligations against the public building fund. It authorized an issue of warrants to the amount of \$1,500,000 to bear 6 per cent interest. The warrants are first lien upon proceeds derived from the sale of building lands being issued in \$100,000 series.

The first series become due Jan. 1, 1914 and one series each Jan. 1 thereafter until 1928, which takes up the fifteenth series. The measure will correct a deficiency heretofore claimed in public building contracts and

give the warrants a standing in financial circles.

It was Senator Blair's contention that the lands belonged to all the people of the state and he had grown weary, he said, over having lands set aside for a certain class of people.

Senator Redwine read a statement showing that the lands lay in what is now Greer and Harmon counties amounting to about 44,000 acres and appraised at \$852 per acre. Senator Russell referred to the proposed constitutional amendment passed yesterday which would give the common schools a per capita payment of \$2, whereas the Greer County land would yield about 30 cents per acre.

**New Senate Bills.**  
New senate bills were by Senator Williams, appropriating \$5,000 for governors' contingent fund, to replace loan made to attorneys general's department for use in the railroad rate case before federal court, by Senator Memminger providing taxes shall be due Oct. 15 each year, and that portion applying on personal property delinquent after Dec. 15 and on real estate after April 15 by Senator Soldani amending the drainage law so that commissioners, before completion of the drain or other improvement it necessary may change the specifications by an order of record and commissioners may acquire rights of way for drains by gift purchase or condemnation proceedings the latter being the same as now provided for railroad purposes joint resolution by Senator Cunningham authorizing the governor and the state treasurer to sell the states claim against the Capital National bank.

## TARIFF NOT SATISFACTORY.

Germany Pleased With Progress of  
Negotiations With United States.

Berlin, Jan. 29.—The contents of the American tariff now are held in confidence, the only official description being that the note is very satisfactory. Interest in the question of trade relations between Germany and the United States is widespread. The government issued a short statement tonight informing the public of its present phase as follows:

After consideration of the negotiations relative to commerce which have already occurred between Germany and American governments and a complete examination of the documents presented, the imperative conservative board for commercial questions has expressed full and unrestricted approval of the steps taken by the Federal council in connection with further negotiations on the subject several questions were placed before the board a discussion of which led to a unanimous agreement on the lines hitherto pursued by the government.

The newspapers continue to deplore the talk of tariff hostilities but with the exception of the Socialistic and Radical journals, they are agreed that the Reichstag will not yield on any conclusion affecting agriculture.

**Shawnee Ladies Arrive.**  
The Shawnee Basket Ball team, a fine looking aggregation of ladies arrived this morning for a contest with the East Central Normal team which is to decide the state championship. Quite a number of tickets have been sold and a good support is expected.

## COMET'S TAIL SPLIT; NO CAUSE IS KNOWN

ELECTRICAL DISTURBANCES ARE  
CITED

It Causes Alarm in Mexico—Mexicans

Interested at Comet's Ap-  
pearance.

New York, Jan. 29.—The latest bulletin from the Columbia University astronomer on the subject of the comet A, 1910, calls attention to the splitting of its tail. The announcement says:

The splitting in the tails of comets has been noticed before, but the causes of the phenomena are not definitely known. It may be due to electrical disturbances.

The discovery of sodium in the composition may account for the unusual brilliancy of the present visitor. Usually comets are composed of hydro-carbons.

What the present comet is, what is its orbit and how great is its velocity can not yet be known.

## COMET ALARMS NATIVES.

Superstitious Mexicans Showing Un-  
usual Interest.

Guadalajara, Mexico, Jan. 29.—The comet discovered Jan. 15 is now visible in this section of Mexico. According to reports it is causing consternation among people of the lower class in some portions of this state.

Church services are proving unusually attractive. Since the appearance of the comet pilgrimages to the shrine of the Virgin of Talpa have been organized, and some of the pilgrims are making journeys of many miles on their knees. Talpa is a small town in the western part of Jalisco and annually pilgrimages are made to its shrine.

## Photographs of Comet.

San Jose, Cal., Jan. 29.—Prof. William H. Wright astronomer at the Lick Observatory on Mount Hamilton last night obtained several good photographs of the new comet A 1910. He said traces of sodium were visible after the comet had disappeared from view.

## TO BE SURE EGG IS FRESH.

"Watch the Hen," Says Dr. Wiley, the  
Pure Food Expert.

Washington, D. C., Jan. 29.—Charging that unnamed sinister influences had accomplished the repeal of the law relating to enforcing efficiency in cold storage of food products, Dr. Harvey W. Wiley, the government pure food expert declared at the high cost of living hearing of a house subcommittee today that the elimination of the appropriation for this work had greatly hampered his department in protecting the public from deleterious food products.

What is the most certain method of assuring ones self that an egg is absolutely fresh asked Representative Pearre.

"Watch the hen," sentimentally replied Dr. Wiley.

I want to know when an egg appears to be fresh and starts verging on the passe, explained Mr. Pearre.

"I'll answer you replied Dr. Wiley. "If you'll tell me when a pig ceases to be a pig and begins to become a hog."

Seriously Dr. Wiley said cold storage could not be blamed for all bad eggs. He added that they should not be kept in cold storage as long as a year. Nine months should be the longest period, he thought.

## A Royal Reception.

All the business houses, by agreement, closed early last evening in order to give everybody an opportunity to visit the opera house and witness Blackwell's favorite comedian, Robert A. Neff in *An American Hobo*. By three o'clock in the afternoon all the seats in the boxes, dress circle and balcony were sold and when the doors were opened in the evening there was a rush made for the gallery which was soon filled to suffocation, many society ladies sitting away up there in the gallery where usually none but the gods sit. It is estimated that fully three hundred persons were turned away being unable to secure seats. Everybody was delighted, and manager Warner says it was the largest audience ever assembled in the opera house—Blackwell, Oklahoma, Daily News.

## OTIS WEAVER APPOINTED STATE DEM. COMMITTEEMAN

Otis Weaver of this city has been  
appointed a member of the county  
Democratic Central Committee from  
the East Ada precinct, vice Hon. T.  
D. McKeown, resigned County chair-  
man, George Thompson as he was  
authorized made the appointment,  
for which the recipient expressed  
pride and pledged his devotion to its  
duties.

Subsequently, Hon. J. B. Thompson  
chairman of the State Central Demo-  
cratic Committee appointed Otis  
Weaver member of the State Demo-  
cratic Committee from Pontotoc coun-  
ty, vice Hon. Sam McClure resigned.

The information of the represen-  
tative character of the democratic citi-  
zens of Pontotoc county who recom-  
mended the appointment of Otis  
Weaver as state committeeman and  
the assurances of satisfaction from  
others that the appointment is satis-  
factory, decided me to accept this  
very important appointment for it is  
held vastly more desirable than any  
salaried office win the gift of the  
Democracy of Pontotoc county.

It has become my duty to resign  
the East Ada precinct committeeman-  
ship and I do thank Col. Thomp-  
son, county chairman, for the honor  
of the appointment and assuring him  
as state committeeman that we shall  
work hand in hand with his commit-  
tee to make Pontotoc county the ban-  
ner Democratic one of Oklahoma.

The State Democratic Committee is  
called to meet at Oklahoma City Feb.  
12th. Preparing for the 1910 State  
Campaign there will be important du-  
ties to perform. As State Committeeman,  
I cordially invite advise and  
suggestions from Pontotoc Democrats  
relative to party matters which may  
come before the state organization.  
Sincerely,  
OTIS B. WEAVER

## NOT EVEN "POSSUMING."

From the spirit displayed at the  
meeting on Thursday night relative to  
sinking an oil well it would seem that

Rooff is not dead, not even  
asleep. And the fact that oil has been  
discovered at Ada would indicate that  
we are in the midst of an oil region.  
Certain it is that the signs around  
Rooff are more plentiful than else-  
where.  
Last week a report was circulated  
that the Frisco division at Francis  
was to be moved to Ada. The people  
of Francis countered by organizing a  
commercial club, raising \$200 for a  
special edition of the Wigwag to be  
circulated advertising Francis, and  
a general activity otherwise to boom  
the town. It will win in the long  
run, I takes boosting to build a  
town and Francis is going after it  
in the right manner—Rooff Eagle

## LEMEBAUGH FOR SUPREME JUDGE

Judge J. H. Lemebaugh one of the

homa has announced for the office of  
Justice of the Criminal Court of Ap-  
peals from the nominating district in  
which resides Judge Tom Owens  
present incumbent of the bench of  
that court.

It is intimated that Judge Owen  
will not be a candidate for re-elec-  
tion. It is thought that if he should  
desire to remain on the bench there  
wouldn't be much trouble, for all re-  
cognize his eminent fitness and his ca-  
pacity for successful achievement.

January 2\* h, 1910

Hon. George Thompson Chairman of

for Pontotoc County, Ada, Okla.  
Dear Sir

Believing that no member of the

hand you my resignation as commit-

It appears to be in keeping with  
the spirit of the rules promulgated

responsible position of Committeeman  
and at the same time enter the  
race for office.  
I do not wish to appear in the light  
of dictating who my successor shall  
be, but in as much as the coming  
campaign will be one that is likely  
to be strenuous I would like that you  
would consider the name of Hon. Otis

diligent in looking after the inter-

Thanking you and the members of

# COURT AND ATTORNEY

"HAD IT IN" FOR HIM

BLACK ROCK FARMER PLAYS BROWN AND WIMBISH.

Doesn't Understand Verdict Rendered Against Him, and Condemns the Laws.

The case of H. R. Moody vs. Newman and Harper, which was styled, "forceable embarrasment" called for a full house in Justice Brown's court room yesterday afternoon. The case was an interesting one from start to finish, consuming a full half day, and the audience had its ears open every minute of the time. The actors in the matter were all from the Black Rock vicinity and Moody was trying his dead level best to compel Newman and Harper to vacate a tract of land belonging to him. These fellows, whom Moody considered as going in cahoots against him, got on the land under a void contract and refused to get off. Then Moody got a legal contract to oust them.

Prominent Men on Jury. The trial was conducted before a jury that was composed of some of the most prominent men in the city. They were bankers, merchants and retired capitalists. They carefully watched every move, determined to show all concerned what a good jury could do.

Their verdict was that Newman and Harper got off the land. That suited Moody to a "T".

Harper Didn't Like It. After the verdict was read Harper, who is an old gentleman, jumped up before Justice Brown and demanded what the verdict meant. The court told him he was guilty of unlawfully holding a tract of land, and explained to him that it didn't mean he had to go to jail.

The old gentleman didn't like this a little bit and told the crowd what he thought of the matter in this manner:

"I have been living a mighty long time and have been around a whole lot, but I have never heard of such a verdict before in my whole life. The laws of Oklahoma are the queerest laws I ever did hear of and I think the court and the plaintiff's attorney (that was Bob Wimbish) have got in for me."

Everybody enjoyed the little speech, but as it was made after the verdict was handed in it didn't help matters any, and Mr. Harper, with his friend Newman, will have to get another piece of land on which to locate.

REV. NEEDHAM LEAVES.

Rev. J. O. Needham left this morning for Durant where he will visit until Monday when he will leave for Seminole, Texas, where he and his family expect to permanently locate. Rev. Needham came to Ada last August from Louisville, Ky., and accepted the pastorate of the First Presbyterian church which he held until the untimely death of the two churches several weeks ago. He is an able minister and Ada regrets his and family's leaving.

His estimable family left yesterday for a visit with Mrs. Needham's parents in Mississippi and will rejoin Rev. Needham at a later date.

Highly Respected Pontotoc County Citizen Dies.

The death angel visited our vicinity on Thursday night, the 20th and claimed for its victim J. A. Pirtle. Mr. Pirtle had been ill eight or nine days with pneumonia. There seemed to be no chance for his recovery from the first. They employed several eminent physicians but nothing could be done. Mr. Pirtle was one of our best citizens and had been a resident of this community for a number of years with the exception of last year when he lived at Stratford. He was well known and liked by all. He leaves a wife, son, one brother and an aged mother to mourn his loss. The funeral services were conducted by the W. O. W. of which he was a prominent member. The interment took place Friday afternoon at the Hart Cemetery. Quite a large crowd was in attendance to pay their last respects to the dead. ### RICKARD AND GLEASON DISPUTE

#### Fighters Liable to Take Sides and Cause a Rumpus.

New York, Jan. 29.—A report that the Jeffries-Johnson fight will shortly be declared off on account of the dispute between Rickard and Gleason as to the place where it is to be held was current in New York today.

Many sporting men said that if a clash between the promoters occurred the rival pugilists would be likely to take sides. It was pointed out that Jeffries had been reported as in league with Gleason many weeks ago, while Rickard was supposed at the same time to have secured assurances of Johnson's support. Neither of the pugilists are in the city at this time and Rickard and Gleason are on the Pacific slope.

### ONESTY JACK GLEASON.

#### Now Declares Rickard Can Quit or Hold Fight in Frisco.

San Francisco, Jan. 29.—Referring to the report current in New York that the Jeffries-Johnson fight would be declared off owing to the failure of Rickard and Gleason to agree as to where it shall be held, Gleason said today there was no foundation for the rumor. He declared that if Rickard was dissatisfied with his contention that the contest should be held in this city he could retire from the management. Should he do this, Gleason said, he was prepared to make all the arrangements for holding the fight in San Francisco.

### Managers Happy.

Pittsburg, Pa., Jan. 29.—Two baseball men who have been in the city during the conferences of the major league committees this week, left for home, after accomplishing what they came here for. Charles A. Comiskey of the Chicago Americans wore an engaging smile as he boarded his train, for he had signed Frank Smith for his pitching squad. Smith had rejected all overtures the day before, hence, Comiskey's smile. Clarke Griffith, too, landed his quest. In Hans Lobert, who has agreed to play third for Cincinnati this year.

### Wrestling.

Chicago, June 29.—Considerable interest is being evidenced in the coming wrestling bout between Stanislaus Zbyszko, the Polish champion, and Yussuf Mahmut, the Turk, to take place in Chicago soon. According to the articles of agreement, Mahmut is to throw Zbyszko twice in one hour of actual wrestling or lose the match. If the Pole gains a fall he shall be declared the winner. Mahmut has met defeat only once during his career as a wrestler, and that the hands of the champion.

### National League Open April 13.

Pittsburg, Pa., Jan. 26.—The joint schedule committee of the two major baseball leagues concluded its work tonight and the members left for home. It was formally announced that both the long and short schedules would be presented to the National League meeting next month. Ban Johnson, president of the American League, said that either schedule would fit in satisfactorily with this league. The season will open in the West on April 13, Pittsburg will open at St. Louis.

### BASE BALL HASH.

Mike Cantillon is making an effort to secure a first baseman of class for his Minneapolis Millers for the coming season. Word comes from

Chicago that he has offered Jiggs Donahue, former Chicago White Sox first sacker, a contract, but Jiggs is not signing. Jiggs has an idea that he wants to become a semi-pro magnate and have a team in the Chicago City League. He is laying plans now to get a park and sign players for the coming season. Therefore he is carrying his Minneapolis contract around in his pocket and letting Cantillon wait. Donahue played great ball for Chicago, and last year was with the Washington club. He is going back, but should play first in line shape for an American Association team for a couple of years yet. Since Warren Gill accepted a White Sox contract and is practically sure of his job, Cantillon has been worrying about filling his shoes.

Hans Wagoner did not announce that he would hold out this year and therefore to give him the usual amount of free advertising during the winter months Barney Dreyfuss has announced that Wagoner will probably play first base. It is a ten to one shot that Hans will be back at his old position again and possibly or two or three years to come. The only thing that will switch him to first will be his own request that he play there. Jack Flynn, formerly of St. Paul, is supposed to play first for the Pirates.

### ROFF ITEMS.

From the Eagle  
Last week the drillers at Ada struck a flow of oil and gas at a depth of 1150 feet. The flow is not strong, but the drillers think that they will get more farther down. The indications are that there is oil and gas all over this section.

Colonel J. W. Vaden returned on Tuesday from various points in Texas and says he is back in Roff to stay for awhile. He has been away for several weeks.

Vera Allen, daughter of Mr. and Mrs. Allen of Lightning Ridge, died on Sunday and was buried in the Lightning Ridge cemetery. The bereaved ones have the sympathy of all.

J. R. Chandler, G. A. Smith and Jim Lillard of Francis spent Sunday in Roff, the guests of Ed Russell.

Mr. and Mrs. Oscar Collins and Fred Russell went to Har. last Friday to attend the funeral of Joe Pirte.

I. D. Nichols went to Muskogee on business on Sunday evening.

### INDIANS ARE DESTITUTE.

#### Osages Beg Agency for Money to Buy Food.

Pawhuska, Okla., Jan. 29.—The Pawhuska delegation that went to Washington about three weeks ago, has returned.

W. M. Oial has been besieged by moneyless Osages ever since. Hundreds of the full bloods are destitute, in spite of the fact that each member of the wealthiest tribe on earth received \$300 last year.

Many of these Indians are eager to either sell or mortgage their surplus lands. They are mortally afraid of paying taxes or working on the roads.

Wewoka, Ok., Jan. 29.—A woman whose name could not be learned was reported to have committed suicide last week by burning.

In a fit of insanity she poured oil upon her clothing, set fire to it and in a few moments had been burned to death.

The terrible act was committed at the home of Walter Gray, who lives several miles southwest of town. Mr. and Mrs. Gray had gone to the home of a neighbor, leaving the woman, a relative who has been making her home with them, alone at the house.
